

Inclement Weather Policy: Effective March 2023

The most efficient and reliable method of learning whether or not the club is open for live play is to call and listen to the club's voicemail recording at 860-953-3177. This message will always be updated accurately by 7 a.m. on the morning of the affected game(s).

The new inclement weather policy is that live games will no longer be canceled because of bad weather; instead, they will simply be moved online. The determination to move a game online will be made by 7 a.m. on the day of the game, based on the weather forecast. If that determination is made, there will be a message on the club's answering machine at 860-953-3177. Secondly, we will also notify by email but players should primarily rely on the voicemail recording at the club.

If the first game of the day is moved online due to bad weather, then all games for that day will be moved online, even if the weather improves during the day. Players who wish to play in the online game are reminded to re-register on BBO as the registration for the in-house game does not work for this purpose.
