Please answer the following questions to help the mentoring coordinators create an optimum pairing for you.

- 1. Approximately how many masterpoints do you have?**

- 2. What aspects of bridge are your educational priorities (bidding, preempting, slam bidding, declarer play, defense, leads, signals, specific convention(s) or other)?**

- 3. What HBC or non-club games do you currently play in: online or face-to-face, open or limited?**

- 4. Do you know a player you would like to have as a mentor? Please tell us.**

- 5. What days of the week and times are you available to play?**

- 6. Are you willing to play in an open game with your mentor?**

- 7. If you cannot play at least three times in the proposed time frame of Jan-April, what time frame would be better for you?**

Please note: Many mentors are not eligible to play in some or all of the limited-point games. Mentors can play in the 0-750 game and the 0-1500 game, but the partnership would not be eligible for MPs if the mentor has more MPs than the game limit. If you are comfortable with it, playing in the open games offers more days to choose from.
