

Creating a BridgeBase (BBO) Profile

Q: How do I create a new profile on BridgeBase?

1. Go to the website: www.bridgebase.com
2. Click the **Login/Register** button in top right corner

3. On the next screen, click on the **Become a member** button

4. On the next page, fill in all the information. A few notes:
 - a. The **User name** is the name you will use throughout BBO. You need to make sure this is unique: check the section to the right
 - b. Make sure you enter your ACBL Number so that you will get any credit for online points
 - c. Enter general information about your preferred bridge system into the **Other** section. This well let people know what style you play. Mine is: "SAYC: 15-17 NT, 20-21 2NT, xfers, Texas, 3014 BWD, Gerber, un 2NT, Michaels, steps w 2C, splinters" where **SAYC** = Standard American Yellow Card, **xfers** = transfers
 - d. **Skill level** is pretty arbitrary. **Novice** and **Beginner** are pretty well used. **World Class** is meant for people who have won national and world titles. Everything else is up to the User, so it's fairly random. You're likely to run into **Experts** that you think aren't very good as well as **Intermediate** players that you think are way better than that, just like at the Hartford Bridge Club.
5. Once you have filled in all the information, click the **I agree...** check box at the bottom of the screen. If you've filled in **all the necessary information validly**, this will enable the **Register** button next to it. Click that button and you're ready to get started playing on BBO.
